The Massachusetts Bar Association's Judicial Administration Section is very pleased to bring back its "View from the Bench" program series.

View from the Bench programs provide valuable insights for new attorneys and seasoned litigators, allowing for an opportunity to pose questions to the panel in a comfortable and confidential environment.

MBA Judicial Administration Section Vice Chair Thomas Bond will moderate a panel discussion with five sitting judges discussing:

- Final trial conferences
- Motions *in limine*

Networking reception to follow.

The event is open to all, but space is limited. We strongly recommend attendees register in advance.
